

Easingwold in Bloom - 2020

Judges Report

What a strange year it's been due to the COVID-19 pandemic. It certainly has made a difference when it came to judging Easingwold in Bloom.

Due to the lockdown and older and vulnerable people shielding, this meant that people were not able to get out and buy their plants or potter in their gardens. However, for those that were able to do so there were some lovely displays around. I also saw a little bee curled up in one of my own flowers fast asleep having done its work for the day.
